TekNest- Project Title File

Category	Project Name
AI and Machine Learning	AI Healthcare Bot System using Python
AI and Machine Learning	AI Mental Health Therapist Chatbot
AI and Machine Learning	Skin Disease Detection System using Machine Learning
AI and Machine Learning	Liver Cirrhosis Prediction System using ML
AI and Machine Learning	Multiple Disease Prediction System using Machine Learning
AI and Machine Learning	Stroke Prediction System using ML
AI and Machine Learning	Heart Failure Prediction System
AI and Machine Learning	Leaf Disease Detection System using ML
AI and Machine Learning	Parkinson's Detector System using Python
AI and Machine Learning	Pneumonia Detection using Chest X-Ray
AI and Machine Learning	Bone Fracture Detection using Python
AI and Machine Learning	Sign Language Recognition Using Python
AI and Machine Learning	Driver Drowsiness Detection System Using Python
AI and Machine Learning	Detecting Brain Tumors and Alzheimer's Using Python
AI and Machine Learning	Knee Osteoarthritis Detection & Severity Prediction
AI and Machine Learning	Credit Card Fraud Detection System Python
AI and Machine Learning	UPI Fraud Detection using Machine Learning
AI and Machine Learning	Plant Disease Prediction and Production using Machine Learning
AI and Machine Learning	CARDIAC STROKE PREDICTION SYSTEM USING MACHINE LEARNING Techniques
Web Development	Travel and Tourism Website using Python
Web Development	Online Stock Photo Ecommerce Website
Web Development	Online Voting System Project Python

TekNest- Project Title File

Web Development	Library Management System Using Python
Web Development	Web Based Blood Donation Management System Project
Web Development	Web Based Place Finder Using Django and Geo Django
Web Development	Online Crime Reporting System in Python Project
Web Development	Web Based Pharmaceutical Store Sales Forecasting System
Web Development	Online Employee Recruitment System Project in Python
Web Development	Online Healthcare Information Management System Project
Web Development	Online Inventory Management System Project in Python
Web Development	Online Sports Turf Playground Booking System
Web Development	Price Comparison Website for Online Shopping Project
Web Development	Online Property Management System Project
Web Development	Online Employee Payroll Management System Project
Web Development	Online Grocery Management System Using Python
Web Development	Online Shoes Shopping Website Project
Web Development	Online Organic Health Food Store Project
Web Development	Online Electronics Shopping System
Web Development	Online Fire Reporting System in Python
Web Development	Online Pharmacy Management System
Web Development	Online Wedding Management System
Web Development	Online Catering Order System
Web Development	Online Railway Reservation System
Web Development	Online Bus Reservation System
Web Development	Online Food Delivery Web Application using Django

TekNest- Project Title File

Healthcare Systems	Child Vaccination Management System using Python
Healthcare Systems	Dental Caries Detection System using Python
Healthcare Systems	Medicine Remainder App
Healthcare Systems	Doctor Appointment Booking System
Healthcare Systems	Patient Report Generation Web App Using Python
Healthcare Systems	Ambulance Booking System Using Python
Healthcare Systems	Hospital Management System
Security and Authentication	Three-Level Password System Using Python
Security and Authentication	Face Recognition Attendance System for Employees using Python
Security and Authentication	Secure File Storage on Cloud Using Hybrid Cryptography
Security and Authentication	Graphical Password Authentication System by Using Pass Point Scheme
Security and Authentication	Criminal Face Detection and Online FIR Reporting System
Ecommerce	Online Stock Photo Ecommerce Website
Ecommerce	Online Electronics Ecommerce Website Python
Ecommerce	Online Nursery Plant Shopping Website Python
Ecommerce	Ecommerce Fake Product Reviews Monitor and Deletion System
Ecommerce	Ecommerce Food Products Sales Forecasting System
Education Systems	College Placement System Using Python
Education Systems	Student Feedback Review System Using Python
Education Systems	Student Grievance Redressal Cell Python
Education Systems	Automatic Time Table Generation System
Education Systems	Monitoring Students Details Using Python
Education Systems	College Event Management System

TEKNEST

TekNest- Project Title File

Education Systems	Student Study Portal Using Python
Education Systems	Student Fees Management System Using Python
Management Systems	Blood Bank Management System
Management Systems	College Management System
Management Systems	Complaint Management System
Management Systems	Logistics Management System Project in Python
Management Systems	Stock Management & Control System Project
Management Systems	Inventory Management System
Management Systems	Human Resource Management System
Management Systems	Online Examination System Using Django
Management Systems	Insurance Management System
Management Systems	Car Dealer Websites
Management Systems	Car Rental System Using Django
Management Systems	Online Election System Using Python
Management Systems	Payslip Management System
Games	Arcade Shooter Game Python
Games	Space Shooter Combat Game Python
Other Systems	Smart Campus Surveillance and Guidance System
Other Systems	Travel Together – A Travel Buddy Finder System
Other Systems	Online PDF to Text Converter & Language Translator Python
Other Systems	Flight Ticket Price Predictor Using Python
Other Systems	Online College Admission Management System
Other Systems	Organ Donation System Using Python

Other Systems	Chatbot Assistant System Using Python
Other Systems	Online Complaint Registration & Management System Using Python
Other Systems	Online Catering Order System
